## MERCK KGAA TO PROVIDE ASSISTANCE TO EU'S SCALENANO PROJECT (ENG)

(The following press release from Merck KGaA was received by e-mail. The sender verified the statement.)

News Release

EU project SCALENANO Merck provides technological knowledge for the development of energy- and cost-efficient photovoltaic modules

Darmstadt, Germany, July 19, 2012 – With a budget of more than € 10 million, the European Union (EU)'s SCALENANO project aims to increase Europe's competitiveness in photovoltaic technology by developing highly efficient, low-cost production processes for CIGS thin-film solar cells. As specialized materials supplier for applications requiring a high level of purity, reliability, and formulation know-how, Merck takes an active part in the SCALENANO consortium of 13 renowned companies and scientific institutions\*.
